

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

1. Identification

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Other means of identification:

Synonyms: No data available

Recommended use of the chemical and restrictions on use:

Recommended use: Lubricant, Matrix/extender fluid

Restrictions on use: Uses other than those described above

Name, address, and telephone number of the chemical manufacturer, importer, or other responsible party:

Parkland Corporation
1970 East 68th Avenue
Denver, CO 80229

Phone number: +1-303-455-1743

E-mail address: Ridgeline.information@parklandusa.com

Emergency phone number: +1-303-591-0108

2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200:

GHS Classification: Not classified as hazardous under OSHA

Hazards not otherwise classified: No data available

3. Composition/information on ingredients

Name	% (w/w)
Refined & hydrotreated light paraffinic distillate base oil	50-95
Refined & hydro processed heavy paraffinic distillate/residual base oil	40-95
Other minor additives	<1

One or more hazardous ingredient(s) is claimed as a trade secret under the OSHA Hazard Communication Standard. The hazards of this (these) ingredient(s) are given on this SDS.

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion

Inhalation: Remove to fresh air. If breathing is difficult, have a trained individual administer oxygen.

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

Eye Contact:	None expected to be needed, however, use an eye wash to remove a chemical from your eye regardless of the level of hazard.
Skin Contact:	Wash with soap and water. Get medical attention if irritation develops or persists.
Ingestion:	No hazard in normal industrial use. Do not induce vomiting. Seek medical attention if symptoms develop. Provide medical care provider with this SDS.
Most important symptoms/effects, acute and delayed:	No data available
Indication of immediate medical attention and special treatment needed, if necessary:	No additional first aid information available.

5. Fire-fighting measures

Suitable (and unsuitable) extinguishing media:

Use alcohol resistant foam, carbon dioxide, or dry chemical when fighting fires. Water or foam may cause frothing if liquid is burning but it still may be a useful extinguishing agent if carefully applied to the surface of the fire. Do not direct a stream of water into the hot burning liquid.

Suitable extinguishing media:

Unsuitable extinguishing media:

Do not use a heavy water stream. Use of heavy stream of water may spread fire.

Specific hazards arising from the chemical:

Material may be ignited only if preheated to temperatures above the high flash point, for example in a fire.

Hazardous combustion products:

Carbon monoxide, Hydrogen sulfide, Nitrogen containing gases

Special protective equipment and precautions for fire-fighters:

Do not enter fire area without proper protection including self-contained breathing apparatus and full protective equipment. Use methods for the surrounding fire.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:

Avoid all contact with skin, eyes, or clothing. Avoid breathing (vapor, mist, spray).

Methods and materials for containment and cleaning up:

Clean up spills immediately and dispose of waste safely. Spills should be contained with mechanical barriers. Transfer spilled material to a suitable container for disposal. Contact competent authorities after a spill.

7. Handling and Storage

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

Precautions for safe handling: Mildly irritating material. Avoid unnecessary exposure. Follow all protective equipment recommendations provided in Section 8.

Conditions for safe storage, including any incompatibilities:

Safe storage conditions: Store in a cool dry place. Isolate from incompatible materials.

Materials to Avoid/Chemical Incompatibility: Strong oxidizing agents

8. Exposure controls/personal protection

OSHA permissible exposure limit (PEL), American Conference of Governmental Industrial Hygienists (ACGIH) Threshold Limit Value (TLV), and any other exposure limit used or recommended by the chemical manufacturer, importer, or employer preparing the safety data sheet, where available:

Mineral Oils		
USA ACGIH	ACGIH TWA (mg/m ³)	5 mg/m ³ (excluding metal working fluids, highly & severely refined-inhalable fraction)
USA ACGIH	ACGIH STEL	10 mg/m ³ (excluding metal working fluids, highly & severely refined-inhalable fraction)
USA OSHA	OSHA PEL (TWA) (mg/m ³)	5 mg/m ³
Canada	OEL STEL (mg/m ³)	10 mg/m ³
Canada	OEL TWA (mg/m ³)	5 mg/m ³

Appropriate engineering controls: Use local exhaust ventilation or other engineering controls to minimize exposures and maintain operator comfort.

Individual protection measures, such as personal protective equipment:

Respiratory Protection: Respiratory protection may be required to avoid overexposure when handling this product. General or local exhaust ventilation is the preferred means of protection. Use a respirator if general room ventilation is not available or sufficient to eliminate symptoms.

Respirator Type(s): None required where adequate ventilation is provided. If airborne concentrations are above the applicable exposure limits, use NIOSH/MSHA approved respiratory protection.

Eye protection: Wear safety glasses when handling this product if there is a likelihood of contact with eyes.

Skin protection: Where use can result in skin contact, practice good personal hygiene and wear impervious gloves. Wash hands and other exposed areas with mild soap and water before eating, drinking, and when leaving work.

Gloves: Neoprene, Nitrile

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

9. Physical and chemical properties

Physical state:	Liquid
Color:	Clear to yellow
Odor:	Mild hydrocarbon
pH:	No data available
Melting point/freezing point:	No data available
Melting Point:	No data available
Freezing point:	No data available
Initial boiling point and boiling range (°C):	No data available
Flash Point (°C):	360°F to 580°F
Evaporation Rate:	No data available
Flammability (solid, gas):	No data available
Upper/lower flammability or explosive limits:	
Upper flammability or explosivelimits:	No data available
Lower flammability or explosivelimits:	No data available
Vapor pressure:	No data available
Vapor density:	No data available
Solubility(ies):	No data available
Partition coefficient: n-octanol/water:	No data available
Auto-ignition temperature:	No data available
Decomposition Temperature:	Not determined
Viscosity:	10-460 @ 40°C 2.6-29.1 @ 100°C

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

10. Stability and reactivity

Reactivity:	There are no known reactivity hazards associated with this product.
Chemical stability:	Stable under normal conditions.
Possibility of hazardous reactions:	None expected under standard conditions of storage.
Conditions to avoid (e.g., static discharge, shock, or vibration):	Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition. Moisture (will lead to product performance degradation).
Incompatible materials:	Strong oxidizing agents

11. Toxicological information

Description of the various toxicological (health) effects and the available data used to identify those effects:

Acute toxicity (oral)	Not Classified
Acute toxicity (dermal)	Not Classified
Acute toxicity (inhalation)	Not Classified

Distillates (petroleum), hydrotreated heavy paraffinic (DMSO < 3%) (64742-54-7)

LD50 oral rat	> 5000 mg/kg
LD50 dermal rabbit	> 2000 mg/kg
LC50 inhalation rat (mg/l)	> 5.53 mg/l/4h

C12-C14 t-alkyl amines (68955-53-3)

LD50 oral rat	> 612 mg/kg
LD50 dermal rabbit	> 251 mg/kg
LC50 inhalation rat (ppm)	> 157 ppm/l/4h
ATE US (oral)	612 mg/kg bodyweight
ATE US (dermal)	251 mg/kg bodyweight
ATE US (gases)	157 ppmv/4h
ATE US (vapours)	0.5 mg/l/4h
ATE US (dust,mist)	0.05 mg/l/4h

Skin corrosion/irritation	Not Classified
Serious eye damage/irritation	Not Classified
Respiratory or skin sensitization	Not Classified
Germ cell mutagenicity	Not Classified
Carcinogenicity	Not Classified
Reproductive toxicity	Not Classified
STOT-single exposure	Not Classified
STOT-repeated exposure	Not Classified
Aspiration hazard	Not Classified

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

Likely routes of exposure

Inhalation. Skin and eye contact

Symptoms/effects

No significant symptoms or symptoms indicative of any health hazard are expected occur.

12. Ecological information

Ecotoxicity (aquatic and terrestrial, where available):

Moderate ecological hazard. This product may be dangerous to plants and/or wildlife.

Persistence and degradability:

Not available

Bio accumulative potential:

Not available

Mobility in soil:

Not available

Other adverse effects (such as hazardous to the ozone layer):

None known

13. Disposal Considerations

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging:

Spent or discarded material is non-hazardous according to environmental regulations.

Contaminated packaging:

Recycle containers whenever possible.

14. Transport Information

Carriage of dangerous goods by road (DOT), rail or inland waterways:

DOT Basic Description:

Not regulated for road transport

International carriage of dangerous goods by sea (IMDG/IMO):

UN number:

Not regulated by IMDG

UN Proper shipping name:

Not applicable

Transport hazard class(es):

Not applicable

Packing group, if applicable:

Not applicable

International carriage of dangerous goods by air (IATA):

UN number:

Not regulated by IATA

UN Proper shipping name:

Not applicable

Transport hazard class(es):

Not applicable

Packing group, if applicable:

Not applicable

Environmental hazards (e.g., Marine pollutant (Yes/No)):

None.

Transport in bulk (according to Annex II of IBC Code):

No data available

Safety Data Sheet

Product identifier used on the label: Ridgeline Process Oil

Stock Number: RIDPROC

Date: 06-21-2021

MARPOL 73/78 and the IBC Code):

Special precautions which a user needs to be aware of or needs to comply with in connection with transport or conveyance either within or outside their premises: No data available

15. Regulatory Information

Safety, health and environmental regulations specific for the product in question:

SARA Section 311/312 Hazard Classes Not classified

US State Regulations: Not classified

Canadian Regulations: Not classified

16. Other Information, including date of revision or last preparation

Revision Date: 05-17-2021

References: No data available

Other Info: No data available

Disclaimer: This safety data sheet and the information it contains is offered to you in good faith as accurate. We have reviewed any information contained in the data sheet which we have received from outside sources and we believe the information to be correct but cannot guarantee its accuracy or completeness. Health and safety precautions in this data sheet may not be adequate for all individuals and/or situations. It is the user's obligation to evaluate and use this product in a safe manner and to comply with all applicable laws and regulations. No statement made in this data sheet shall be construed as permission or recommendation for the use of any product in a manner that might infringe existing patents. No warranty is made, either expressed or implied.
